SIGNS OF THE ZODIAC.—The most in teresting and original introduction to a book that we have ever seen, comes to us in a little work just received, in the shape of a humorous article entitled "The Twelve Signs of the Zodiac," illustrated by Thomas Worth, the well-known New York artist. The book, which is the St. Jacobs Oil Family Calendar and Book of Health and Humor for the Million for 1886, is published by The Charles A.
